One Love: More Than a toy – It's a Hug Stop!

For over 140 years, soft toys have been silent superheroes—delivering comfort, joy, and that unforgettable first hug. Remember yours? Maybe it was a cuddly teddy, a plush pup, or a fuzzy zoo friend. Whatever it was, it wasn't just a toy—it was your first hug buddy, your secret keeper, your bedtime pal.

One Love soft toys, made with a touch magic!

One Love soft toys are crafted with ultra soft- recycled fabrics and a body design that doesn't just hug—it snuggles. Like, really snuggles. The kind of snuggle that melts worry, sparks giggles, and wraps you in a cozy comfort of **One Love!**

One Love, Your Story

You found a friend today, soft and cute, with button eyes that somehow knew.

They waited quietly just for you, to name them, love them, to set them free.

This friendship was meant to be, your story waiting to be told....

Purposeful Prints

Every Kolorful print is intentionally created to spark curiosity, imagination, and connection. Our designs feature expressive animals and easy-to-notice details that invite caregivers and children to slow down, look closely, and share simple moments of discovery.

A conversation starter between you and your little one

Point to characters and notice together

Show and tell by pointing to a character or detail and saying it aloud.

"Owl." "Orca." "Frog." "Moon."

Ask and imagine to spark curiosity

Use open-ended prompts to invite a story or a new idea.

"What do you notice?" "Where is the otter going?" "Who is the owl visiting?"

Play, connect, and grow

Make the sounds, copy the moves, or count what you see.

"Hoot-hoot." "Can you jump like the frog?"
"Let's count the fish."

Whether it's naming animals, building a story, or simply sharing a giggle, Kolorful prints transform everyday routines into shared moments, creating the space for curiosity, language, and love to grow together.

Kolorful Silhouettes

Our silhouettes are thoughtfully designed for comfort, ease, and longevity. These are soft essentials that move with little ones and hold up beautifully through every milestone. Designed in Seattle and crafted with care in Peru from organic Pima cotton, each piece is made to last, wash after wash.

Available in sizes 0-24M.

Kimono | Long

Thoughtfully designed for the earliest months of dressing, when comfort and ease matter most. The wrap style avoids overhead changes, while multiple inner snap widths allow the garment to grow with baby for a longer, more flexible fit.

Kimono | Short

The wrap design makes changes quick and gentle, and the multi-width inner snap system ensures a customizable fit as baby grows. A secure neckline snap keeps everything perfectly in place.

Bodysuit | Pants

Our bodysuit and pants set is crafted for comfort and movement. The bodysuit features a flexible envelope neckline for easy changes and a charming, functional pocket that adds personality without compromising simplicity. Paired with soft, stretchy pants designed with a roomy gusset to accommodate diapers of all sizes.

Bodysuit | Short

Designed for warm weather and active play, our bodysuit and shorts set blends comfort with everyday charm. The bodysuit includes an easy envelope neckline and a sweet, functional pocket detail. The coordinating shorts feature a soft elastic waistband and real pockets for added character, style, and delight.

Keepsake Gift Boxes

1 Box. 1 Silhouette. 2 Prints.

Kolorful gift boxes include two mom-designed prints in a signature silhouette, crafted from ultra-soft Organic Pima Cotton and made in Peru. Choose your silhouette, then select a print collection.

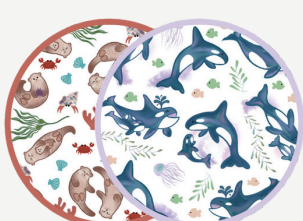

Available in 0-3M, 3-6M, and 6-12M.
